November Elections.

Elections were held in four free States on the 8th inst., and the result is a glorious and triumphant victory in each of them. This is the most crushing defeat of the sham Democracy ever sustained by any party.

The e ections in Pennsylvania, Ohio, Induana, lows and Minnesota, which came off on the 11th of October, all giving overwhelming majorities for the Republicans, rendered the Africanized party desperate. Unless New York, Massachuseus, New Jersey and Wiscon in, whose elections were a month later, could be secured, the hopes of the slave-traders of the South, and their dough-faced allies in the North. were forever blasted. Knowing it was their last struggle for political life and party spoils, the means resorted to were as despepera e as the condition of the party. Every free S are except California had repudiated them, and without these, the last to elect, it was manifest that the Government next year would go into the han is of the people. both the Democratic and American par- a thought that Presidents and Governorand the desperate demagognes who have so long controled it would be hurled from the places they have so long held through

New Jersey Election.

The election in this State, on Tuesday List, resulting as it did in a glorious Republie in visiony, has swept from the party in power the last glimm-ring hope of success in the coming Presidential contest! Every free S ate, with the exception of California. has now given a most merited rebuke to the mid schemes of the sectional leaders who have used the general government for years to corrupt and crush out the spirit of freedom in the people. The days of that party are numbered, and we look with pleasing anticipations to the commeasurement of a better era in our affairs .-It is time some other interest than the bree bug of slaves should receive the vile insurrection. During the past week, says the Liberty (Vi ginia) "Sentinel," wenty families have passed through this blue en route for t'e great West. The pirit of emigration appears to have posessed our people, this fall, to a degree but threatens the speedy depopulation of he "Old Deminion." Scarcely a day passes in which the revolving wheels of he emigrants' wagon are not heard rum bling through our streets.

Nineteen Pike's Peakers are re ported to have been massacred by the Kiowa Indians, on the Western Plains within the past two months.

1619 GEO. McQuico, Rec. Rec'y. HOLLOWAY'S OINTMENT AND PILLS .- Wenderful cures of hip disease, stiff joints, paralyzation of the 1019 Umbs, and other crippling diseases of the bones, sin-2035 ews, nerves, and muscles, have been accomplished 2461 during the past year by a brisk and regular use of Holloway's Cintment. It is the only laxative which produces any impression on these fearful complaints.
The Pills also are doing wonders. No case of dyspepsia, bowel complaint, or liver disease can resist 1083 their sanitary operation. Why should any human 1776 being suffer from these muladies, when the means of 1535 immediate relief are o be found in every city and 2821 town in the United States?

DR. ROBA E'S SCARBINAVIAN REMEDIES .- "The blood is the life," says the Scripture; so says Science also. Expelt corruption from the blood and no discuss can exist in the system. Dr. Roback's Blood Purifier and 1357 blood Pills performs this task effectually. It is a powerful vegetable detergent, and it cures all f irms 1369 of disease simply because it removes the common 1663 cause of all disease from the life-sustaining fuld .-Hence its apparently miraculous cures of scrount insciplent cousumption, cruptions, tumors, dyspepsis, liver complaints, rhoumatism, swellings of the joints, 1127 and all affe, tions of the internal organs, which do not 1384 proceed from mulformation.
